\* There is a licence from MNR for keeping pheasants in captivity

## READY-TO-LAY PULLETS (18 to 20 week old)

"READY-TO-LAY" refers to pullets that are at the maturing stage (age and weight), and will usually start laying within 2 to 4 weeks if proper management and environmental conditions are adhered to. \*\* Silkies should start to lay closer to 30 weeks of age.

RTL-AZ	Azure Blue (blue eggs)	24.10	23.60	23.10	22.60	N/A
RTL-NN	Noirans (dark brown eggs)	24.10	23.60	23.10	22.60	N/A
RTL-OV	Olive (green eggs)	24.10	23.60	23.10	22.60	N/A
RTL-SLK	Silkie (21+ weeks old)	31.40	30.90	30.40	29.90	30.40

Please note that other breeds mature several weeks slower than the Red Sex-Link.

All RTL are beak treated at day old to help prevent picking and egg breakage. Beak treatment still allows the hens to "scratch" feed or range. Pullets will have been on 12 hours of light per day when you receive them. Increase 1/2 to 1 hour per week (in the morning) until you reach 16 hours of light per day. Total hours of light per day and proper nutrition (no scratch or "green scraps") will bring the pullets into lay. Greens and scratch may be given at a later age, however, if birds have access to these feed sources we recommend a vitamin supplement in the water to prevent a nutritional deficiency. As well, if you plan to allow your pullets access to the outdoors, consider putting a "wormer" medication in the water (1 or 2 application days – available from your feed supplier).

New and used crates are available for purchase. **WE DO NOT RENT OR LEND CRATES.** Green crates are an exclusive colour to Frey's Hatchery and are NOT SOLD under any circumstances. Frey's Hatchery cannot allow any of our crates to be used for any other purpose than our Ready-to-Lay deliveries.

**Proper Handling Procedures to Prevent Contamination:** Please be aware that all poultry, even chicks, are livestock and should be treated as such. Proper handling procedures will reduce or eliminate the chance of bacterial contamination. A human hand can have hundreds of species and millions of individual bacteria on it, as can poultry. **Wash your hands with soap and water after handling poultry or any equipment that comes in contact with poultry.**

**Frey's Guarantee:** We guarantee 100% live arrival of the quantity ordered. Extras may be included in your order. Orders are accepted subject to conditions incidental to the hatchery business. Our responsibility for loss or damage arising out of incorrect shipment of breeds, sex or numbers, delay or failure of shipment or any other cause is limited to the original price paid. Frey's Hatchery Ltd. operates under Federal and Provincial government regulations in regards to the operation of a licensed hatchery, animal husbandry practices, and disease control standards. It is understood and agreed that no representation or warranty as to livability, production, freedom from disease, fitness for use, or otherwise, is made by Frey's Hatchery Ltd.
